Red Label® Binders Board

Tech Sheet #2051 Sample Card #04450

Issued 07/01/2015

Red Label® Binders Board Single ply, wet lap construction, high density board

Overview

Red Label® Cover Board, also known as Davey Board®, is made from 100 percent recycled fiber and produced to full thickness in one operation. Red Label® board is the gold standard for spec binders board. It meets industry specifications for binders board and its single ply, wet lap construction offers excellent resistance to moisture and warping. Compared to most laminated grades, it provides greater warp resistance and superior dimensional stability performance.
