Black Two-Side Chipboard

Tech Sheet #2053 Sample Card #04450

Issued 08/26/2017

Black Two-Side Chipboard **Chip board dyed black on two surfaces**

Overview

Pressed fiber thick paper, made from recycled paper, produced on a cylinder paper making machine, laminated to attain proper thickness, and dyed black on two surfaces. A rigid board product, perfect for a wide range of applications, including photo mounting, photo books, decorative packaging, P.O.P. displays, and puzzles. Somewhat less expensive than solid black chipboard.
