Yes! Paste **All-purpose stick flat glue**

Overview

Gane's Yes! Paste is an all-purpose stick flat glue, designed for high performance in a wide range of crafting applications. Yes! Paste will not wrinkle or curl delicate or lightweight material due to its low water content. It is slow-setting, allowing crafters to reposition and adjust their crafting materials. In addition, it is 100% acid free, making it perfect for archival work, such as scrapbooking. Clean-up is a breeze with Yes! Paste; simply dilute excess glue with warm water.
