### Castillian Vinyl Film

Tech Sheet #2155 Sample Card #35100

Issued 06/30/2015

## Castillian Vinyl Film Enhanced cold-crack, castillian embossed vinyl film

### Overview

Castillian Vinyl Film is a very durable product. The .030 has a -20 degree Fahrenheit Cold Crack Formulation, and its solid construction gives it great strength. It has the same aesthetics as Expanded Castillian Vinyl, with enhanced strength and cold crack properties, all at a lower cost. The .0135 film also offers the same visual as Castillian Expanded Vinyl. It can be used as a liner material with any vinyl film or expanded vinyl, as well as the surface material. This product has enhanced cold crack characteristics, a -10 degrees Fahrenheit formulation.
