Scotch Weld Bonding Film

Heat activated adhesive for temporarily fastening dies

Overview

Heat activated double sided tape. Scotch Weld Bonding Film is used primarily to temporarily fasten hot stamping dies to a hot stamping press platen. The die can be removed by raising the hot stamping platen temperature and gently prying off.

Information

- Size: 4" width
- Put up on 60 yard rolls

Features

- Repositionable
- Temporary

Applications

- Bookbinding
- Hobbies & Crafts
- Looseleaf
- Menus & Hospitality
- Printing
